

OREGON SECURITY FREEZE INFORMATION

Any consumer in Oregon may place a security freeze on his or her credit report by sending a request in writing, by mail to all consumer reporting agencies. The consumer reporting agency is not allowed to charge a fee to victims for placing, removing for a specific period or party, or removing a security freeze on a credit report. To prove you are a victim, you must also send to the consumer reporting agency a valid copy of a police report, incident report, or identity theft complaint. All other consumers must pay a \$10 fee for each placing, temporary lifting or removing of a security freeze. A security freeze prohibits, with certain specific exceptions, the consumer reporting agency from releasing the consumer's credit report or any information from it without the express authorization of the consumer. The freeze goes into effect five (5) business days from receipt of the consumer's letter by the consumer reporting agency.

To obtain more detailed information on how to place a security freeze on your credit reports, see below.

HOW TO "FREEZE" YOUR CREDIT FILES

A security freeze means that your file cannot be shared with potential creditors. A security freeze can help prevent new account identity theft. Most businesses will not open credit accounts without first checking a consumer's credit history. If your credit files are frozen, even someone who has your name and Social Security number probably would not be able to obtain credit in your name. A security freeze is free to identity theft victims who have a police report, investigative report or a complaint to a law enforcement agency concerning identity theft.

How do I place a security freeze? To place a freeze, you must write to each of the three consumer reporting agencies. Consumer reporting agencies charge a \$10 fee, unless you are a victim who sends a copy of your police report, investigative report or a complaint to a law enforcement agency concerning identity theft.

Write to all three addresses below and include the information that follows:

Equifax Security Freeze
P.O. Box 105788
Atlanta, GA 30348

Experian Security Freeze
P.O. Box 9554
Allen, TX 75013

TransUnion Security Freeze
P O Box 2000
Chester, PA 19016

For each, you must:

- Send a letter by mail;
- Provide your full name (including middle initial as well as Jr., Sr., II, III, etc.,) address, Social Security number, and date of birth;

- If you have moved in the past 5 years, supply the addresses where you have lived over the prior 5 years.
- Provide proof of current address such as a current utility bill or phone bill
- Send a photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)
- If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft;
- If you are not a victim, include payment by check, money order or credit card (Visa, Master Card, American Express, or Discover cards only.)

How long does it take for a security freeze to go into effect? After five (5) business days from receiving your letter, the consumer reporting agencies listed above will place a freeze providing credit reports to potential creditors.

After ten (10) business days from receiving your letter to place a freeze on your account, the consumer reporting agencies will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep this PIN or password in a safe place.

Can I open new credit accounts if my files are frozen? Yes. You can have a security freeze lifted for a specific temporary period of time. This is done at no charge for victims. For non-victims, however, there is a \$10 charge for either temporarily lifting the security freeze or allowing a specific creditor to access your credit report. The steps to do so are as follows:

- Contact the credit reporting agencies above.
- The manner by which you contact them is determined by them, but it may be by way of telephone, fax or over the Internet.
- You must provide proper identification;
- You must provide your unique PIN or password;
- And, if you are requesting to open your credit to a third party or for a specific period of time, you must provide to whom or during what time period your credit report will be accessible.

How long does it take for a security freeze to be lifted? Consumer reporting agencies must lift a freeze no later than three (3) business days from receiving your request.

What will a new creditor who requests my file see if it is frozen? A creditor will see a message or a code indicating the file is frozen.

Can a new creditor get my credit score if my file is frozen? No. A creditor who requests your file from one of the three consumer reporting agencies will only get a message or a code indicating that the file is frozen.

Can I order my own credit report if my file is frozen? Yes.

Can anyone see my credit file if it is frozen? When you have a security freeze on your credit file, certain entities still have access to it. Your report can still be released to your existing creditors or to collection agencies acting on their own behalf. They can use it to review or collect on your account. Other creditors may also use your information to make offers of credit. Government agencies may also have access in response to a court or administrative order, a subpoena, or a search warrant.

Do I have to freeze my file with all three consumer reporting agencies? Yes. Different credit issuers may use different consumer reporting agencies. If you want to stop your credit file from being viewed, you must freeze it with Equifax, Experian, and Trans Union.

If more than one person in my household wants to request a security freeze, do we each have to request a separate security freeze? Yes. Because each person has an individual credit history and credit reporting file, each person must make a separate request to place, lift or remove a security freeze. Each person also must pay any applicable fees.

Will a freeze lower my credit score? No.

Can an employer do a background check on my credit file? Yes. The Oregon security freeze law applies only to uses of your credit report for the extension of credit.

Does freezing my file mean that I won't receive pre-approved credit offers? No. You can stop the pre-approved credit offers by calling 888-5OPTOUT (888-567-8688). Or you can do this online at www.optoutprescreen.com. This will stop most of the offers, the ones that go through the consumer reporting agencies. It's good for five years or you can make it permanent.

What law requires security freezes? The law on security freezes in Oregon is called the Oregon Consumer Identity Theft Protection Act.
